

# TOUCH

Accessories

**R**  
**REYNAERS**  
aluminium

Create an aesthetic look with this minimalist timeless design, that is tailored to the needs of contemporary living and provides ease of use. The finishes (anodization or powder coatings) are endless for each type and ensure a uniform look, that fits into any type of architecture.

The Touch range contains handles for all Reynaers Aluminium products: windows, doors, sliding doors and lift-slide doors. This makes Touch the ideal solution for any kind of project, big or small.

The built-in spring system assures the handle always comes back to its original position, even after frequent use. The incorporated clicksystem makes the handle rotatable over 360° in 4 steps of 90°.

**TOGETHER  
FOR BETTER**

## WINDOWS

### A. STANDARD HANDLE

### B. ROSELESS HANDLE

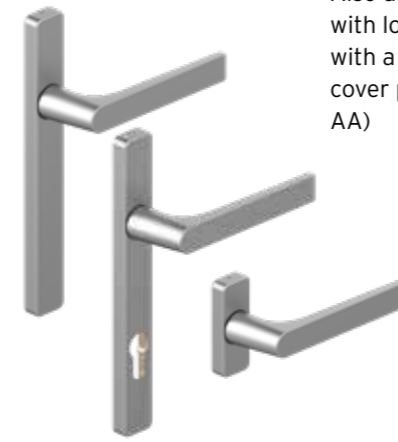

Also available with lock a (ref. BB)
